

# Futures Community College- British Values Statement

“Our aim at Futures Community College is to ensure that young people leave school with the knowledge, skills and ambition to succeed in modern Britain and to compete in the global labour market.”

## BRITISH VALUES

### Democracy at Futures

- Student leadership
- Sports Captains and teams
- Prefects
- Students discuss Democracy in Citizenship lessons and PSHE

### The Rule of Law at Futures

- We have a clearly structured behaviour policy which all members of the community follow
- Strong links with the police service who visit regularly and lead assemblies and contribute to curriculum planning
- Students learn about and discuss the role and purpose of the law in Citizenship lessons and PSHE

### Mutual Respect at Futures

- Our PSHE curriculum embodies values of mutual respect and resilience through units of learning such as Human Rights, Discrimination, Terrorism and Prejudice
- Respect is a key value in our Vision

Promoting British values is fundamental to achieving this and that is why we continue to ensure that the Department of Education's five part definition of British Values is delivered not only across the curriculum but also in all of the additional opportunities students at Futures have outside the curriculum, in the local community and globally.

## BRITISH VALUES

### Acceptance of those of different Faiths and Beliefs at Futures

- Our PSHE curriculum provides a broad and balanced education on a range of faiths, religions and cultures
- Regular visitors of different faiths and cultures lead assemblies and work with students

### Individual Liberty at Futures

- The aims, ethos and vision of the college underpin everything we do and strive for
- Students are given the freedom to make choices in a supportive environment
